To be in the circle of life—
To be giving, reaching out to one's neighbor.  
Will I reach or will I pull back?
Our experiences of joy, uncertainty, and self-reassurance
Bring us together for a successful two years at BJC.
Solving a problem can only be achieved
Through combining thoughts, weighing the evidence,
And sometimes reaching desired or undesired conclusions.

Some serve;
Others demand;
While others travel on a feeling—

Taking a look into problems of life;
Holding on to one another for help and guidance.

Making an attempt to work together . . .
realizing the eternal joys of unity.

Making it possible to look on a new and greater tomorrow.

Counselor . . . Leader . . . Comforter

Our country is in a state of turmoil, confusion, and strife. We here at Brunswick Junior College are all adversely affected by these phenomena because chaos is everywhere — even between mother and daughter, father and son. Many attribute today's uncertainties to the "generation gap." At BJC we have found a way to bridge the gap.

This bridge can be a counselor . . .
like a beckoning light guiding and
directing students toward something of value.

This bridge can be a leader . . .
someone who stands in most of our
minds as a person to respect.

This bridge can be a comforter . . .
the student's problems are listened
to with understanding, not scorn,
and with compassion, not ridicule.

With deepest gratitude for his contributions to the students and to Brunswick Junior College, we dedicate the 1970-71 Crest to Mr. Hugh M. Garner, Dean of Student Affairs.
Curriculum

The faculty and administration at Brunswick Junior College are really human beings, too. They try to help the student learn and understand the beauty found in knowledge. They wonder if what they give is ever enough; they try to communicate, but it takes two. Their ever-present enemy is time because helping all students is their goal. The faculty and administration are the backbone of any college; but their relationship with the students is vital for the betterment of BJC.

Business Administration Prepares Students For Business World

The Division of Business Administration prepares students for earning a living in the complicated business world and provides a basic business program to be completed later at a four year institution. Mr. Henry J. Markey is chairman of this division; members on his staff include Mr. William Watson, Miss Lois Pope, and two part-time members, Mr. Jasper Grover and Mr. William Stewart. Courses varying from economics and accounting to business principles are offered to the business major.

Secretarial Science presents a one-year program which is designed to train students for all phases of office work which can result in immediate employment, and a two-year program which prepares students for completion of their study at a senior college. Typing, shorthand, office machines, business communications, and secretarial office procedures are included in the secretarial science program.
Humanities Stress  
Communication And Culture

The Division of Humanities provides students with oral and written communication skills. Under the direction of Miss Betty Jo Strickland, Associate Professor of English, the program offers the students a variety of courses in English grammar and literature, speech, fine arts, music, foreign languages, and journalism.

To enrich the cultural experience of the students, the Humanities Division is involved in various extracurricular activities. Sponsoring such activities are: Mr. Leon Rice—Seaswells; Mrs. Barbara McCartney—Buc's Bulletin; Mrs. Donna Nilsson—chorus; and Mrs. Mary Gash—plays and dramatic readings.

SCOPE--Self Constructive Opportunities Program For Everyone

This is the first year for SCOPE, a developmental studies curriculum which is financed through a Title III grant from the federal government. Specifically designed for the student who needs total development of his basic educational needs, this program helps students evaluate their potential and perform satisfactorily in credit courses.

SCOPE is innovative in course material and format. Each SCOPE student moves at his own rate and learns from his experiences. The instructors' goal is to help the students become successful in college and in life. Mr. Ronald Dempsey and Mrs. Betty Murphy devote full-time to SCOPE, while Mr. Leon Rice, Mrs. Brenda Edwards, and Dr. Norman Duncan assist part-time.

The division of Natural Science provides courses for majors in mathematics, science, and pre-professional areas, as well as basic science and math courses and developmental programs for those students with deficiencies in mathematical background. Mr. John Hamilton heads this division. In order that the staff may fulfill its job to the utmost, division members are constantly introducing new teaching methods such as instructional objectives and re-cycling programs. This year a computer terminal has been made available for the students' instruction and use.

Nursing Division Meets Critical Needs

Academically, the division offers courses in fundamental, obstetric, pediatric, medical, surgical, and psychiatric nursing. Through laboratory experience, in the Glynn-Brunswick Memorial Hospital, students apply the skills they have acquired in academic studies. This vital laboratory experience is supplemented by two weeks of study during the summer quarter at the Florida State Hospital in Chattahoochee.

Physical Education Develops Physical Fitness

The Division of Physical Education has three main objectives: to make the student aware of the importance of physical fitness, to teach him the physical skills necessary in individual and competitive sports, and to encourage him to be a "good sport" not only on the playing field, but also in everyday life.

Social Science Contributes
To Understanding Society

The Social Science Division's main objective is to make each student aware of his heritage. In doing so, the Social Science Division stresses that students understand the society of yesterday and today so that they may better understand the society of tomorrow.

Assisted by Mr. John McEvoy, Mr. John Carmichael directs the activities of this division. Through its numerous self-improvement opportunities, this division helps its students to more effectively carry out their civic, social, and economic duties. Course offerings range from cooking to weight-reducing, and the curriculum has been expanded to include a Management Service Program and Public Service Careers Program, a Law Enforcement Institute, a community chorus, and a summer sports youth program. The Continuing Education division is constantly striving to meet the needs of the people in an expanding community.

Activities

Activities are bright spots in the student's present life; in the future they will become fond and pleasant memories. Activities at BJC give the student a chance to do his thing in an atmosphere filled with relaxation and sparks of excitement. Dances and lyceum programs are excellent means for escaping the pressures and tensions that build in everyday life.
Orientation Dance

It was generally agreed that the best part of Orientation Week, during which new students got acquainted with each other and learned their way around the campus, was the dance. The Dreams provided the music.
Fall Quarter Dance

Highlight of the BJC fall quarter was a dance held on November 20, at the Aquarama B Room. Poppa Foxx, from Jesup, provided the latest sound to the delight of the dancers. The dance was a success in that it provided both students and faculty with a very enjoyable evening.

Homecoming

Thanks to Bill Shaffer, a near disaster turned out to be an overwhelming success. Disappointment followed disappointment as BJC lost Percy Sledge and the Tams. It looked as though BJC's Homecoming was going to be brought to us by way of WGIG. But Bill Deal made his appearance and a grateful crowd of over a thousand anxious BJC students danced to an evening of old memories.

Alumni Return
For Homecoming

On January 18, 1971, the Alumni was honored with a banquet held in the multipurpose room. A buffet supper was served and following the supper, officers were appointed. The officers for the year 1971 are as follows: Bobby Griffin, President; Roberta Ravold, Vice-President; Pam Beasley, Secretary; and Judy McKenzie, Treasurer.

Colonel Page enlightened the minds of those attending with a very humorous speech on how to use deodorant, and Mr. Morris narrated The BJC Story (a slide film production).
Winter Presentation

The last dance of winter quarter, judged by attendance, was not the success that Homecoming was. But most students will agree that the music provided by the Peace Core was better than Homecoming and from that standpoint, it was a big success. And there was more besides — Winter Presentation was a night of honor for the lucky students who managed to be chosen for Who's Who in American Junior Colleges, Buc Boosters, Mr. and Miss BJC, Freshman Favorites, and Campus Leaders.

BJC Campus Changes
With Student Needs

With the finishing touches being put on the new Student Center, and the first shovelful having been turned on the grounds for the new Clara Wood Gould Memorial Library, BJC's expansion program is well underway. And needless to say, BJC students are restlessly awaiting the outcome. The Student Center will hopefully be used if only for a short while, by the outgoing sophomores; the new library should be completed by September 1972, and grounds for a Science and Nursing building will be broken in the near future.

Progress may be slow, but intentions are good and hopes are high. At BJC, students and faculty, alike, look to the future.

Each year a committee composed of members of the faculty and student body presents a variety of entertainment to broaden the scope of the student's learning experience. This year the programs selected ranged from the Fort Stewart Military Band to the Ernie Bevins Country and Western Show. If not always directed at student's taste, the shows are at least novel and interesting.

Who's Who In
American Junior Colleges

Who's Who In American Junior Colleges

Campus Leaders

Because of their interest and pride in Brunswick Junior College, some students have been recognized as BJC's Campus Leaders for 1971. Campus Leaders form the familiar faces found at activities and as all leaders must, they create a pattern to promote a unified personality within the college.

Buc Boosters

Buc Boosters realize that making signs and working in a concession stand can't change the actual score of a game but because of their enthusiasm they help in the ways that they can. The Boosters are selected each year on the basis of their attendance at ball games, their support of the team, and their ability to out-call the referee. A Buc Booster can be identified in any crowd by the enthusiasm he creates around him.

Sports

Sports, cheerleaders, spirit — what is it all for? Each has a purpose within itself; each shares a place in bringing a school together.
Cheerleaders Lead The Spirit

The 1970-71 cheerleaders, backed by Mrs. Mary Hipp and Mrs. Linda Williams, have spent many long hard hours this season practicing cheers, chants, and dance routines to promote BJC spirit. The girls have worked hard in boosting school spirit on and off the gym floor. They have engaged in such activities as making signs, helping with basketball programs, and raising funds for the athletic scholarship program. Because of their hard work and avid support, the 1970-71 cheerleaders certainly deserve a cheer themselves!

Captain of the cheerleaders is Dicky Miller; Cheryl Martin is co-captain.

Basketball 1970 - 71

1971 was a rebuilding year for the BJC Buccaneers. Although they did not have a winning season, the BUCS performed courageously as they finished the season with only seven players. Raleigh Wilcox and Randy Spaulding, as sophomores, provided the experience the team needed.

Next year has a look of promise for BJC basketball as most of the team returns, including leading scorer Jeff Ikerd. They will have with them at least one big asset-experience as a team.

Baseball '71

The 1971 baseball team has a high goal to reach because of the record set by last year’s eleven wins. This was the highest number of victories that any BJC squad ever recorded. This year the BUCS should have their greatest year. With four of last year’s infield returning—Ed McLanahan, Bill Reeves, Larry Moseley, and Red Utermeyer—and strong freshmen prospects, the BJC Buccaneers should have an inside track to the GJCC title.

As one of the most recent additions to the athletic program, the tennis team with the help of Mr. Charles Reidlinger is striving to make an important place for themselves in BJC college life. Their success is inevitable; with tennis being the only coed intercollegiate activity at BJC, the new tennis courts behind the gym should provide many exciting contests. I'll meet you there at eight.
Golf '71

Following the advice of the old saying, "If it's worth doing it's worth doing well," gives the newly formed golf team strong hopes for a state championship. Coached by Frank Hammond, the 1971 team sports a strong look and will and has plenty of reason to strive for their goal.

Organizations

Learning is the growth of the student. Everyday the challenge of learning is presented to the student. The many organizations involved in daily BJC life prepare the student for the acceptance of this challenge. These organizations are just as important as the well-rounded academic program. They provide the ideal means for a pleasant relationship between students and their teacher-sponsors.
Student Government Association

The Student Government Association is the backbone of all student activities. Its duties include sponsoring dances, conducting elections, and nominating students for faculty committees. Made up of elected representatives, S. G. A. is the voice in student affairs.

Classes

An involvement between students and teachers is a relationship that results in the betterment of BJC. People are the most important part of any school. From them comes the intangible quality that will either make a school or break it. The students create what a school is and establish what it will be.

Life is an enigma,
Filled with unexpected occurrences,
potent influences, and disguised results.
An early beginning;
We meet and go
And together we feel —
A timeless emotion.
To try and make it work
All of us together;
To stumble;
To get up and try all over again.
Because we found
That's what it's all about!
Stan Johnson was to be the Editor of this annual. His editorship ended last summer in an auto accident. The loss felt by the student body, the annual staff, and myself cannot be expressed with words. But, if comfort and consolation is to be found at all, it is in the one word that best describes Stan — Love. Stan gave completely of himself and expected nothing in return. He gave his friendship to anyone who wished to have it; he gave his time and energy to anything that needed it. In the days before his death, he stated that he wished to give the rest of his life to God. Stan was by no means a perfect human being, but his Love for mankind and life overshadowed any faults he had. I will not forget Stan very easily or quickly. I do not want to. I will remember him always as a human being filled with an extraordinary amount of Love. Each time I remember him, I will feel remorse at his loss, but always thankful for the time he lived.

CREST Staff

The CREST staff is the product of the joint efforts and varying talents of many students. Whether the talent be in typing, photographing, or entertaining, each person holds an essential position on the staff. Under the direction of Mr. Carlton Morrison and Mrs. Linda Williams, the staff produces the bits and pieces that become the 1971 CREST.

Being editor of the CREST has been a very difficult and laborious job. Some of my happiest, most painful, and most frustrating moments were spent in the annual staff room, which for six months was my second home. The word deadline meant new and frightening things for the CREST staff — it meant rushing, running, confusion, crying, and, finally, relief when the last page was completed and mailed.

We would like to extend our thanks to the CREST advisors, Mrs. Linda Williams and Mr. Carlton Morrison. Their patience and cooperation were sincerely appreciated.

Most of all I want to express my deepest thanks to the CREST staff for their dedication and hard work — this yearbook would not have been possible without their support and cooperation.

A lot of hard work, long hours, and sleepless nights went into this yearbook. We tried to present in pictures and words what happened in '71; and we hope that you will enjoy reading the '71 CREST as much as we enjoyed producing it.
